

Song of the Night Sky for clarinet in Bb and piano (2004) 2 minutes EP 71212  
(also available from ABRSM; Grade 4 syllabus)

This little Nocturne was written for the ABRSM's volume, 'Spectrum for clarinet'. It is spacious and serene. It has a simple song-form, expressed in a modal d minor, and ending with a coda in the major. The tempo should not be too slow; feel it as a gentle one-in-a bar, with the melody flowing onward through each phrase.
